

## The Livonia Symphony Orchestra

### Student Musical Outreach Program

The LSO, partnering with the Livonia Community, continues its student outreach program to increase music awareness and provide refurbished musical instruments in the upper elementary and middle schools in Livonia.

We know that some children in our schools might have an interest in music classes but cannot afford the rental fee for an instrument. In an effort to engage these children, the LSO is asking Livonia residents, their families and friends to look in their basement and storage areas for those gently used instrument(s) that someone in your family may have played. Instead of letting them take up room and collect dust in your basement or storage area, you can donate them to the LSO/ Music Awareness Project. Now, a youngster can bring them back to life again by participating in general music classes and maybe even in band or orchestra classes.

No dusty instruments? Don't let that stop you. The LSO will accept donations toward the refurbishing of those donated instruments that may need a bit more than a dusting off. Just make your check payable to the LSO with Student Outreach in the memo line and mail it to:
